| 1 | SYCG 00033 | Ko Wai Tōu Ingoa Hauora Charitable Trust | Rangatahi Kia Piki Te Ora - Kāhui Pakeke Kia Piki Te Ora | The funding will help us cater to the needs of tamariki aged 5 to 16-years. We offer mentoring and resilience-building wānanga in a safe and well-supported environment. We are passionate about the futures of the children we support, so they grow to be confident individuals with a voice. We also cater to Kāhui Pākeke or the elderly who do not have adequate access to services and support. We offer a pickup and drop-off service, we provide activities such as Hauora movement, rāranga, waiata and companionship, but most importantly, we bring our Kāhui Pākeke together which creates alliances within the elder community. Working with these two vulnerable demographics enables us to assess and begin working with the whānau, providing a wrap-around service as we collaborate with all other service providers in Hawkes Bay. In turn, the use of the whānau, hapū and iwi context or Bronfenbrenner's ecological systems theory, is realised. Rangatahi, kuia, koroua and their whānau is what we work hard to keep intact. It's all about whānau from the beginning to the end of life's continuum. | \$18,000.00 |
| 2 | SYCG 00034 | Epilepsy Association of New Zealand Incorporated | Epilepsy field support service. | Our educators provide: -Information: Understanding makes epilepsy easier to live with. By sharing knowledge, we can address peoples' concerns. -Connection: Every person deserves access to support. ENZ connects clients with other services. -Community: People shouldn't feel alone. Support meetings allow socializing and sharing of challenges and solutions. -Transport: People shouldn't feel isolated. Access to mobility schemes like play a role in independence. -Advocacy: People deserve access to support and opportunities. Advocating to health providers, social services, employers and educators helps them meet their potential. -School, workplace and professional training: Identifying and managing epilepsy and combatting stigma creates a safer community for everyone. | \$2,500.00 |
| 3 | SYCG 00035 | Flaxmere Baptist Church Community Trust | Christmas Cheer Appeal 2021 | We wish to continue to provide the worthy initiative of Christmas Cheer in the form of a food parcel to our most vulnerable individuals and families in the community who experience hardship or poverty at a very stressful time of the year. | \$9,000.00 |
| 4 | SYCG 00036 | Hastings Heritage Trails Society Incorporated | Clive Heritage Trails Brochure | Our Clive Heritage Trail is the eleventh Trails the Hastings District Heritage Trails Committee have developed. We have identified 19 site of Scenic, Cultural and Historic significance in the Clive area and have joined these by the development of a trail. We have written information of each site for the visitor and local to learn from and enjoy. This information along with photos, (both historic and new) have been made into a brochure. After a time of checking facts, consulting and editing the brochure is now ready to publish. We are seeking the funding to do this. | \$4,417.62 |
| 5 | SYCG 00037 | Age Concern Hawke's Bay Inc | Housing Support | Continuation and expansion of the much needed and successful home share (Let's Share) programme, aiming to support older people struggling with loneliness and social isolation to either share their home with someone, or for them to share a home with another person (younger or also an older person). Extended to supporting vulnerable older people with the process of applying for senior housing with the Council, and emergency and social housing where necessary. Many older people struggle with the process and are actually unable to navigate it on their own. Participate in relevant housing forums and coalitions. Give information talks in the community to raise awareness of the issues and seek solutions. | \$7,800.00 |
| 6 | SYCG 00038 | Lifelink/Samaritans Incorporated | Operational Costs for Samaritans free 24/7 crisis and community counselling phoneline for the Hastings Community | We are applying for operational costs funding for Samaritans to continue to provide our free 24/7 crisis phoneline to anyone in distress, lonely or in conflict, thereby achieving positive wellness outcomes for the Hastings community. | \$7,000.00 |
| 7 | SYCG 00039 | Te Whakaritorito Trust | Wellbeing of School and Community Organisations | Our main aim is to be creative in a collaborative sense like the flax bush based on Te Whakaritorito proverb which says "to relinquish whatever hinders creativity in all that is done so what's longed for may grow and bear fruit. Tungia te ururua kia tupu, whakaritorito te tupu or te harakeke". So we support students and clients to me more self-motivated and capable by discovering their true interests, strengths and objectives they're passionate about. When students take ownership of an activity, they feel more worthwhile and experience increased self-confidence. They learn new vocabulary from a cultural activity based on personal experience and peer support. Enjoying participation in a team activity transfers to other subjects and pursuits, giving them an increased sense of belonging to their school or community group. Ongoing benefits and improvements for mentoring sessions are arrived at through feedback from principals, lead teachers, mentors, students and community managers. And we work with schools already having a sense of community where everyone knows one another well based on research we did in 2010 with four Hawkes Bay schools where children continued to be consulted and included! | \$6,931.00 |

Clearly this situation is unsustainable and urgency is paramount to future proof the viability of Keirunga. Future Situation Keirunga is partly owned by the Hastings District Council and while it is a fabulous facility, many people are unaware of its existence. The Keirunga Gardens Arts & Crafts Society Incorporated has been in existence since 1964 and deserves to be recognized as a top class venue by the wider Hawkes Bay community. Plan The new board is determined and has a plan in place to expand Keirunga's profile, increase its membership and bring it back into profitability. To achieve this we need an administrator on site at least three hours a day to deal with members' concerns and to greet potential new members. She will also be able to be involved in the day to day aspects of the organisation. Her list of tasks/duties is included under the Planned Activities document. | \$20,000.00 |

Most of our searches take place at night, in the dark, in bad weather. It is therefore imperative that our teams wear excellent quality clothing to prevent hypothermia. Our searchers mainly provide their own gear, however it is not always of a high enough standard, and it gets damaged. We have assembled a list of gear that we would like to purchase. It will always belong to SAR and lent out. | \$19,127.37 |

We do this through photography, film making and digital editing workshops and holiday programmes. Foto iwi has also worked alongside local schools and community organisations such as Idea Services and is currently creating a rangatahi media team to showcase and share local community stories and issues of interest with a youth focus, delivered through a zine (printed low cost paper). Our focus is on wellbeing through creativity as well as providing multiple opportunities to explore future creative career pathways. Over the next 6 months we want to explore expanding our workshops through the coming year to allow for an after school programme, programmes for NEET, (local community school) and look to also create a creative space for young people to explore and engage with creative arts and digital media. We have good Governance in place, a dedicated part time manager delivering focussed outcomes, a strong membership and volunteer base. | \$5,000.00 |
| 45 | SYCG 00083 | CCS Disability Action Tairāwhiti Hawkes Bay Incorporated | Disability Support | Funding is sought toward providing disability information and support in the Hastings region where we support around 150 children, youths and adults with disabilities and their families. People are provided with help and advice around disability issues including but not limited to, accessibility, Total Mobility and Mobility Parking Permits, where to find information relating to financial and medical assistance and navigating hospital and specialist networks. We work alongside all school levels to ensure that staff members and students can make the school environment more accessible for disabled students; this includes students being able to take part in sporting, cultural and special interest group activities. | \$2,000.00 |
| 46 | SYCG 00084 | DADS HQ CHARITABLE TRUST | DADS HQ LOCAL SUPPORT FOR MEN AND THEIR FAMILIES | We are requesting your support in an updated print run of 10,000 copies of The Blokes Book Hawkes Bay, a 50 page printed resource (also online www.bbhb.nz) plus a redesign of the current website. Local support in 2019 saw the first version of this resource distributed into the community by Service providers, Councils, Police, CAB, Community Law, local businesses and organisations. Businesses such as barbershops, cafes and sport clubs as well as workplaces requested copies to circulate. This updated version will also contain a survey for online feedback which will assist us in our next step of wishing to build a network and collaborate more with services supporting men's wellbeing, and for our organisation, supporting men around parenting (limited support in this area locally). This feedback will form part of our community led development. Many national services and providers, such as Mens Health Trust, Movember etc, are all out of our region, and information into our community is often vague and intermittent. We believe that local community needs to support local community. By better networking between organisations and services more direct support can be made available for those in need and more awareness of support available. We know, (based on our work over the last 6 years supporting local Dads), given the increase in mental health including male suicide rates, more focussed support is needed to cope with the increased demand on service providers. Having a male focussed model of care can only better support our community and follow our vision for Happy Healthy Hawkes Bay Men, The Blokes Book Version 2 is a start toward this. This new version will also have an increase of information around wellness practices including workplace wellbeing and COVID awareness and information relevant to men, their families and the wider community. More presence in the resource for older men, youth and LGBT community. All information will be included in an easy to follow website, promoted into the region. (current site updated to reflect promotion and marketing campaign) | \$3,225.00 |
| 47 | SYCG 00085 | Multicultural Association Hawkes Bay Inc. | Migrant Swimming Classes | Most migrants are from countries where they do not have access to the water to learn to swim. Our migrant communities have been requesting from us to start swimming classes at a discounted rate so they can learn and spend quality time with their children at the water-related activities. We have spoken with Robyn Smith and Peran to get an idea to start the swimming classes for Females and Males. We received a good response so far from the community. We want to start with only two groups now and planning to increase to 3-4. | \$2,000.00 |
| 48 | SYCG 00086 | New Zealand Council of Victim Support Groups Inc - Hastings | Victim Support's volunteer programme in the Hastings district | Our local volunteer programme in Hastings includes recruiting, training, reimbursement, and supervision (by Service Co-ordinator Jane Grant). Jane ensures our local volunteers are trained and continually supported and debriefed. Volunteers are at the heart of Victim Support. Nationwide, most of our 550 frontline support workers are volunteers. This includes 48 volunteers in Jane's (wider) region, helping local people affected by crime and trauma (and helping those who have lost a loved one in a motor vehicle or workplace accident, from a medical event or from a homicide or suicide). | \$4,000.00 |
